Forty floors above East 72nd Street, east of York Avenue, this "spacious" 2,214-square-foot, three-bedroom, three-bathroom condo offers direct views of the East River (as well as vistas to the north and south), particularly from the two wraparound balconies off the main entertaining space and the corner master bedroom suite. Other niceties: natural walnut floors and a custom kitchen with ebony cabinets, marble counters, stainless-steel drawers and a wine-storage unit. **Contact: Joanie Schumacher, Sales Director, 212-772-2722**
